Change your BRAKES

Tokyo Auto Salon 2025

Thank you so much for visiting and showing interest in DIXCEL at the **Tokyo Auto Salon!** This year, we had many international visitors. You can find the full booth **video on our Facebook** page. Please be sure to check it out!

Osaka Auto Messe 2025

From February 7th to 9th, we will be exhibiting at **Osaka Auto Messe**. This event is a tuning and dress-up car show, attracting over 200,000 visitors every year. Additionally, the **NCCR** (Nippon Classic & Exciting Car Rally) will be held alongside the show, featuring over 50 classic and exciting cars running the rally with the DIXCEL logo. Don't miss it.

Vol.10 Catalog Launched

Thanks to the support of our customers, we are excited to announce the release of our commemorative **10th edition** catalog this January. Our product range has been growing year by year, and the Vol. 10 catalog now spans **872** pages (Vol. 4 in 2008 was **296** pages).

Brake Tutorial Course

ES type(Extra Speed)

The ES is the **best-selling** brake pad type in the overseas market. It's perfect for **street drivers** looking for an **upgrade** in braking performance. We highly recommend it as the first choice for a brake upgrade.

Materials : Non asbestos organic
Temperature Range : 0~600°C

Editor's note

Popular Cars at TAS parking

Statistical data shows that the share of **European cars sold** in Japan is only **7%**, but at **TAS parking**, the share rises to **18%**. This indicates that car **enthusiasts in Japan are choosing European cars**. This trend is also reflected in our sales results. Why don't you observe the parking lot at shows on your country? We can gain valuable insights which cars are popular among our potential customers.
